## FLAG DAY TO BE OBSERVED HERE

Pretentious Program Will be Carried  
Out in Connection With Award-  
ing of Prize by D. A. R.

### BEST ESSAYS ON HISTORY

At Same Time Copy of Betsy Ross  
Painting Will be Presented to  
High School—Flag History.

Although yesterday was Flag Day, the day will not be officially celebrated here until Thursday when prizes amounting to \$20 in cash will be awarded by the Rushville chapter of the Daughters of the American Revolution for the best essays on American history written by Rushville school children. There will be a pretentious program at the Graham school building.

The essays have been in the hands of the committee, Mrs. A. L. Gary, H. B. Wilson and C. M. George for several weeks. Five dollars in gold will be presented to the author of the best essay submitted by the Senior high school class which studied history and two dollars will be given as a second prize. The other prizes will be awarded in 8A, 8B, 7A and 7B.

In connection with the awarding of prizes, the D. A. R. chapter here will present to the high school a copy of the famous painting of Betsy Ross making the first American flag. The chapter expects to continue this contest from year to year.

Flag day was observed here yesterday by the display of the United States emblem. The Stars and Stripes were flaunted from the court house and from many homes in the residence district. Flags were used profusely in the decorations at the churches Sunday. The story of the stars and stripes, describing its evolution through various stages to the present emblem is interesting.

In September, 1775 there was displayed in the South what is by many believed to be the first distinctively American flag. It was blue with a white crescent, and matched the dress of the troops, who wore caps inscribed "Liberty or death."

The colonists desired to adopt a common flag; but they had not yet declared independence and were not at first seeking independence. They took the British flag as they knew it, and made a new colonial flag by dividing the red field with white stripes into 13 alternate red and white stripes. This is known as the Cambridge flag, because it was first unfurled over Washington's headquarters at Cambridge, Mass., on Jan. 1, 1776. It complied with the law of 1707 by having the Union Jack on it; it also represented the 13 colonies by the 13 stripes.

As the colonists gradually became converted to the idea that independence from the mother country was necessary, they began to modify the flag, first by leaving off the Union Jack and using only the 13 horizontal stripes. The modified flags were not always red and white, but regularly consisted of combinations of two colors selected from red, white, blue and yellow. The final modification was the replacement of the Union Jack by the white stars on a blue field.

The stars are the only distinctive feature of the American flag. The charming story which credits Betsy Ross with making the first flag of stars and stripes is still accepted by historians. When Washington suggested the six pointed star, she demonstrated the ease with which a five pointed star could be made by folding a piece of paper and produc-

## ONE SPEEDER ARRESTED

Oakley Sampson of Arlington Paid  
Fine Saturday Night.

Oakley Sampson, of Arlington, was fined one dollar and costs by Mayor Bebout Saturday night on the charge of speeding. Sampson was arrested by Policeman Hunt near the corner of Second and Morgan streets. Sampson stated that he was running about thirteen miles an hour and paid his fine amounting to eleven dollars. The police have decided that the only way to stop the speeding is to make arrests and from now on no warning will be given.

## COMPANY HERE IS GIVEN FIRST PLACE

Uniform Rank, K. of P. Wins Best  
Attendance Honors at Annual  
Inspection of Regiment

### AT CAMBRIDGE CITY SUNDAY

Ivy Company, No. 35 U. R. K. of P. took first honors yesterday at the annual memorial services of the Third Regiment in Cambridge City, for attendance. The local company had thirty-six men present in uniform and Captain Hunt received many compliments for the good attendance. The local company made the trip in automobiles.

The chief addresses were made by Charles Shively and Judge Bond of Richmond. Following the services the annual inspection of the regiment took place. The regiment was viewed by Col Max Gaddis of Newcastle and General Trabue of this city. The meeting next year will be held in Knightstown.

## FALL RESULTS IN LEE WILLIS' DEATH

Farmer Who Suffered Broken Elbow  
and Internal Injuries Saturday  
Succumbs Sunday.

### NEVER REGAINED HIS SENSES

Lee Willis, 53 years old, a well known farmer living southwest of the city, died Sunday morning shortly before eleven o'clock, from injuries sustained in a fall from the haymow Saturday morning. The death of Mr. Willis came as a shock to his many friends. Mr. Willis suffered a slight concussion of the brain and never fully recovered consciousness. He suffered a compound fracture of the left arm besides internal injuries. He was found on the floor of the barn and the supposition is that while he was coming from the mow he was taken with a dizzy spell and fell.

Mr. Willis is survived by his widow, there being no children. The funeral services will be conducted Tuesday afternoon at one-thirty o'clock at the late residence and burial will take place in the Manilla cemetery.

### BETTER SIGN HIM.

The Rushville Juniors were defeated at Clarksburg Sunday by the score of 2 to 1. The feature of the game was the pitching of Slat Conneley for the Rushville team. Conneley struck out sixteen men and errors behind him was the cause of the defeat. Joyce did the receiving for the Juniors.

## THIEVES STEAL ELKS' TROPHY

Constable Cavitt and Slueths on Still  
Hunt For Box Taken From  
Betker's Last Night.

### CLEWS SCARCE AS A COLD DAY

Managers of Teams Which Will Play  
Friday Afternoon Are in Row  
Over an "Umps."

### BULLETIN.

Constable Cavitt late today received a telephone message that men suspected of stealing the Elks trophy were seen in the vicinity of Hal Green's farm north of the city and he at once detailed Vice-constables Reed and Poe, in charge of a patrol wagon, on the clew. At the hour of going to press no word had been received from the sluths and it was feared they were lost in the jungles of northern Rush.

The boldest robbery that has been pulled off in Rushville since the new police force went on duty at 12:19 p. m. January 1, 1914 was that last night when during thieves gained entrance through the back way into Betker's Shop and deliberately, without any thought of the consequences or the pack of experienced sluths that would be set on trial, stole the Elk's trophy which was to have been presented to the winning team in the ball game which will be played at the ball park Friday afternoon.

The trophy was contained in a cabinet of beautiful design which has never, up to this hour, been revealed to a curious public. The trophy was entrusted to T. W. Betker because the committee felt that it was showing a lot of common sense in allowing Mr. Betker to keep the cabinet since he is such a loyal and enthusiastic Elk. Dora is dubious. He has been unable to discover anything else missing and is of the opinion this afternoon that some one is trying to play a practical joke on him. Suggestions of this sort from him are met with only sad and weary looks from the Elks bunch.

Chairman Jones has offered a very substantial reward for the return of the trophy and says that no names will be revealed or any prosecutions made, if he can only secure the precious prize.

Justice of the Peace, Col. E. H. Wolfe, was notified of the robbery early this morning, and he immediately took steps to have Constable Cavitt notify all of his deputies to appear before Clerk Kiplinger and have them sworn in. These sluths are now on the job and are scouring the four corners of the county in anticipation of getting some clew. The Elks' lodge has explicit confidence in these men and no doubt they will be able to get some definite line very soon. The full list, which contains men who have no little experience in detective work, follows:

Sam Trabue, William Jones, John Frazee, George Weeks, S. W. Nichols, Fred Johnson, Harry Kramer, Jack Knecht, F. A. Caldwell, Rich Peed and Jesse Poe.

It might be mentioned that Constable Cavitt received some information this morning that might be of a great deal of importance, through a couple of Elks who happened to be on their way home from church about twelve o'clock last night. Tom Lytle and Frank Wilson claim to have seen a couple of men going down the alley in the rear of Betker's carrying a box. Since they have learned of the robbery they are now certain that the box contained the trophy.

The time limit will expire for en-

## FIRST EVIDENCE THIS AFTERNOON

Case Against Mary and Moses Vandenberg Finally Gets Under Way  
in Circuit Court.

### OPENING STATEMENTS MADE

Notes in the Sum of \$7,000 and the  
Foreclosure of a Mortgage is  
Demanded in Suit.

The first evidence was heard this afternoon in the case of the Kokomo Trust company and William H. Turner, substituted plaintiff, against Moses and Mary Vandenberg, in which notes in the sum of \$7,000 and the foreclosure of a mortgage is demanded. The case is an important one and is being heard by Judge Alonzo Blair of the Shelby circuit court, who was appointed special judge by Judge Megee.

The opening statements were made this morning and were quite lengthy, due in part to make Judge Blair acquainted with the facts in the case. Both sides are represented by a large number of attorneys and the case promises to be one of the hardest fought here for some time. Several important questions are involved in the case upon which the court will have to pass.

Vandenberg, who is a former resident of Knightstown, purchased the Lion store in Anderson, paying \$27,000 dollars. He paid, according to the attorneys in the opening statement, \$5,000 cash and gave seven notes calling for \$1,000 each and an interest in a store in Greenfield for the balance. Turner, the plaintiff alleges that the notes are due and payable and he has been unable to collect.

In the cross-complaint Vandenberg claims he was cheated and that the store was represented to be worth \$50,000 when in reality it was worth about \$12,000. He charges fraud in the cross-complaint. The plaintiff in the opening statement claimed that Vandenberg was offered an invoice of the store but refused to let Turner take it. The cross-complaint states that Vandenberg is a person of unsound mind and a guardian was appointed for him, according to the plaintiff's attorneys, after he had purchased the store and the deal had been closed.

His guardian is John B. Simmons. The plaintiff also claims that a receiver was appointed for the Lion store and that the receiver's invoice showed that there was \$23,000 worth of stock in the store at the time. The entire trouble arose over the attempt of Vandenberg to make Turner pay \$2,300 for the fixtures that the store owner claimed was his property. Turner is alleged to have told Vandenberg that he paid for the fixtures and was willing to back him up Vandenberg insisted and the split in relations came.

The Second National Bank is also a party to the suit. This bank held some of the notes Vandenberg had given. The bank took some stock in the Spiceland sanatorium as security and in the meantime the sanatorium burned down. The case will take the greater part of the week to hear. The legal firms of Blackledge, Wolfe and Barnes, of Kokomo, Kittinger, Diven and Will M. Sparks, represent the plaintiff and the defendants are represented by Forkner and Forkner and Bundy and Jones of Newcastle and Samuel Innis of this city.

Charles Moorman, who suffered a stroke of paralysis last week at his home in West Seventh street, is greatly improved.

## WATSON WILL GET DEGREE

Rushville Man One of Nine to be  
Honored at Notre Dame.

James E. Watson of this city will be one of nine men who will receive the degree of bachelor of laws at Notre Dame university at South Bend tomorrow morning at the annual graduation exercises of the university. Mr. Watson delivered the class address Saturday before a crowd that filled the auditorium. He denounced socialism, which is in line with the propaganda carried on by the Catholic church.

## WOMEN MEET TO TALK PLAYGROUND

Gathering at Court House This After-  
noon to Consider Launching  
Project.

### BIG CROWD WAS EXPECTED

A meeting of Rushville women was to be held in the library in the court house this afternoon at four o'clock to consider ways and means to get a public playground in this city. Agitation for a playground, which was high last summer, has been renewed and there is every indication that the women who are interested will be successful in their campaign, once a course is decided on.

Plans are immature, but that was the purpose of the meeting this afternoon. Interested members of the Rushville Social Service and Civic Improvement association interviewed a large number of women who have children of playground age and they were all heartily in favor of the proposal. According to the promises made, there should have been a good attendance this afternoon.

The school board last year suggested that the women favoring the project wait a few years until the board could hire a teacher twelve months in the year so he could devote the summer months to playground supervision, but it is apparent the women are not content to wait that long.

## FIGHTS DIVORCE ASKED BY SPOUSE

Agnes Ramsey Opposes Today in Cir-  
cuit Court Decree Which Oliver  
Ramsey Demands.

### HE SAYS SHE DESERTED HIM

Judge Megee heard the divorce suit of Oliver Ramsey against Agnes Ramsey this afternoon in the circuit court. The Ramseys live in the Northern part of the county in the neighborhood of Charlottesville. Mr. Ramsey filed the suit in March, alleging that his wife deserted him and that she had received letters from other men. Ramsey was on the stand most of the afternoon and was put through a grilling cross-examination by John Kiplinger, attorney for Mrs. Ramsey. It is the first divorce suit for some time in which a fight is being made. Mrs. Ramsey has filed a cross-complaint in which she demands \$1,000 alimony. According to Ramsey his wife went to the home of a relative for a visit and refused to come back to his home.

## SERMON SUNDAY ON SACRAMENT

Rev. A. W. Jamieson Points Out That  
Bible Teaches Death is the  
Penalty of Sin.

### BACHELOR ON WAGE EARNER

M. E. Pastor Says Men Spend Their  
Wages Selfishly, Thus Placing  
it in Bag With Holes.

The Rev. A. W. Jamieson preached a sacramental sermon at the United Presbyterian church yesterday morning on the subject, "The Sting and its Cure," showing in the course of his remarks that the Bible teaches death is sin's penalty. The Rev. A. D. Batchelor preached the second of a series of sermons on the minor prophets.

Children's Day was observed at practically all of the churches yesterday, in most instances one of the services being given over to the children. Leslie Wolfe, a missionary in the Philippines supported by the Main Street Christian church, occupied the pulpit at that church last night.

### United Presbyterian

The sacramental sermon by the Rev. A. W. Jamieson at the United Presbyterian church Sunday morning was on the subject "The Sting and its Cure." The text was from John 3:14, 15, "For as Moses Lifted up the serpent in the wilderness, even so must the Son of Man be lifted up that whosoever believeth in Him should not perish but have eternal life." In part the Rev. Mr. Jamieson said as follows.

"In the twenty-first chapter of the Numbers, we have the story of the fiery serpents. Their bites was death. The brazen serpent, upon the pole, was the divine remedy for the cure of the serpent's bite. All bitten ones, who looked, were healed. All, who were bitten and refused to look died. The incident was a parable of salvation. The old serpent, the Devil, gives the sting of sin. God, and God alone, can counteract the effects of sin. Notice.

"First, Death is the penalty of sin. Because multitudes were dying, the appeal was made to Moses, and the brazen serpent was set up. The glad announcement was life for all who would look. From the garden of Eden until the book closes, "The wages of sin is death," is written upon every page. But what kind of

and have every style buggy known to the best vehicle builders in the country. We have large, roomy buggies that are low down and easy to get in and out of and then we have them for the young folks (we don't mean baby carriages) and middle aged people. In fact, we have buggies to meet every requirement of all kinds of buggy users. There is no use for us to tell you of their quality, perhaps you have already found that out by using one, or if not you can ask your neighbor and he will tell you how they wear. You take no chances when you buy from us because we guarantee every buggy we sell and guarantee it an honest one, and one that is always good. We believe that an honest guarantee gives us the good will of our customers and when a merchant loses the good will of his customers he is flirting with the commercial undertaker. Let us fit you out with your next buggy and you will always be glad you did it.

# SERMON SUNDAY ON SACRAMENT

Continued from Page 1.

death is meant. Adam lived possibly 930 years after he ate the forbidden fruit. When Jesus said 'Let the dead bury their dead,' he taught a great truth. A person may be alive in the natural sense, and dead in a spiritual sense. 'In Adam all died,' 'Dead in trespasses and sins,' describes all of us until we are born again. This death sometimes called the second death, sometimes, Eternal death. It includes all that the Bible presents as the penalty of unpardoned sins.

"Second. Salvation is provided. The brazen serpent meant that no one need die. The serpent on this pole was a picture of the uplifted Christ. The announcement was to reach every ear. The serpent was lifted up within the view of every bitten one. Promise of cure was definite and absolute for all who would look. What would you think of the bitten man, who would not look; who would take his chances on recovery without looking; who would reason and philosophize, and because he could not understand the full connection between the look and the cure, would allow the inflammation to increase and the poison to be absorbed until he was not able to look? Today, God has laid help upon one 'mighty to save.' 'Him that cometh unto me, I will in nowise cast out.' What must God and the angels, think of the one who is a victim of sin, doomed to die, and will not come to Jesus for salvation?

"Third. Faith is the condition of salvation. There was no power in the LOOK to heal the bite. It was faith in God's promise that prompted the look. The one who looked could have said, 'I believe that God is; that God is willing to heal; that God will heal me, if I look.' Two men may be in the same field; two men in the same bed; the one taken, and the other left; but you will never read, two people were of the same faith, the one taken, and the other left. The obedience of faith is the essential condition of salvation.

"Fourth. Christ and Chris; alone, is presented as the object of saving faith. God has made no other provision for the healing of the sting of sin. As we today commemorate his love the ordinance of the Lord's Supper, may there be in the heart of each of us an acceptable faith, as we look to the uplifted Christ, whose body was broken for us, and whose blood was shed for us."

St. Paul's M. E.

Yesterday morning at the Methodist Church, the Rev. A. D. Batchelor preached the second sermon in a series on the Minor Prophets. The text was Haggai 2:6. "He that earneth wages, earneth wages to put it in a bag with holes." He said:

"The burden of Haggai's prophecy was the rebuilding of the temple at Jerusalem after the exile. At the time he prophesied the colony at Jerusalem was in a demoralized state. The people had abandoned the temple enterprise and had built for themselves rich and comfortable homes. The prophet reproves them for this spirit of selfishness and urges the rebuilding of the temple. He tells them that to spend their money selfishly is like putting it into a bag with holes. It does not accomplish as much good as if spent on a public moral enterprise. On the other hand, if spent in the interests of the general welfare, good re-

turns will be realized in the improved morals of society.

"This is the principle which the prophet promulgates. It is applicable to our present religious situation. The church is a valuable asset to a community. Its influence is for good. Its importance is realized through a healthy moral tone in society. It makes the community a better and more desirable place to live in. It has a material worth."

"Improving the morals of the community, it also increases the value of property. Without our churches the community would sink into irreligion, and a rough and rude populace; without respect for God and humanity would soon grow up. We can no better spare our churches than the Jews could their temple. In proportion as we permit a community to be without the means of grace, we fasten upon the population the same moral desolation as fell upon Jerusalem when the city lay in ruins.

"In these times men spend their wages selfishly. The literal translation is 'hard earnings.' When we take account of the money spent for luxuries—liquor, tobacco, pleasures, confections—we stand appalled at the figures. For these things the outlay of hard earned wages for outstrips the money spent on religion. Does this indicate that we are a selfish people?

"To thus spend our wages is like putting it in a bag with holes. It is wasted. No good return is realized. Ruskin said, 'A tenth part of the expense which is sacrificed in domestic vanities, would, if employed wisely, build a marble church for every town in England.' Better results would be secured in society if more money were spent on religion and less on self."

## THROW OUT THE LINE

Give Them Help and Many Rushville People Will be Happier

"Throw Out the Life Line"—Weak kidneys need help.

They're often overworked—they don't get the poison filtered out of the blood.

Will you help them? Doan's Kidney Pills have brought benefit to thousands of kidney sufferers.

Rushville testimony proves their worth.

W. Baldwin, 321 E. Eighth St., Rushville, Ind., says. "The action of my kidneys was irregular and painful kidney secretions continued sediment. I had backache and the pains in my loins were so bad that I could hardly get around. Doan's Kidney Pills relieved this distress."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Baldwin had. Foster-Milburn Co., Props., Buffalo, N. Y. (Advertisement.)

"The Ruby Circle" is the title of the first picture at the Gem tonight. It is a two reel Rex drama and is said to tell a thrilling story. Bob Leonard is shown in this one. The other is an Imp drama entitled "Where There is a Will There is a Way." Tomorrow night Florence Lawrence will be seen in "The Little Mail Carrier."

# VITAL ISSUES ARE DISCUSSED

Many Things of Everyday Life Filled Today's Program at Club Convention in Chicago.

# WOMEN PLAYING POLITICS

Interest Being Taken in Nomination of Officers—May Spring Insurgent Candidate

(By United Press.)

Chicago, June 15.—Vital issues concerning the everyday life of human beings were to fill every minute of today's session of the Federation of Women's Clubs' in annual convention here.

"The Need of Uniformity in Food Laws" was to be explained today by Dr. Carl L. Alsberg, chief of the chemistry bureau of the Department of Agriculture, Washington. "The Educational and Cultural Value of Home Economics" was to be emphasized by Philander C. Claxton, United States Commissioner of Education, Washington. "The New Public Health" was to be presented by Dr. Charles P. Emerson, dean of the medical department of Indiana University.

"The Fundamental Right of Childhood" was to be pointed out in the afternoon session today by Miss Julia Lathrop, chief of the federal childrens bureau. Dr. Charles S. Rockhill, of Cincinnati, was to tell the assembly of the "Opportunity of Women's Clubs in Prevention of Tuberculosis."

"The Value of the Marriage Certificate," by Dean Walter T. Sumner, of Chicago, and "Social Purity Teaching in the High Schools," by Mrs. Ella Flagg Young were other addresses.

"Perilous Philanthropy" was to be discussed by Dr. E. A. Ross, of the sociology department, University of Wisconsin, Tuesday morning. Other addresses are to be made on industrial and social conditions,

civics and conservation.

Rival forces were lined up today to nominate candidates for tomorrow's election of officers by the Federation. While there has been much playing of politics in the last few days, so far no "insurgent movement" has developed. Officers elected tomorrow will be formally installed on Wednesday, when the final business of the convention will be cleared up. The last two days, Thursday and Friday will be given over to social functions and sight-seeing.

### Taggart "Recalled."

The announcement that Tom Taggart, who, with Crawford Fairbanks the Terre Haute brewer, enjoys the distinction of managing the Democratic party in Indiana, would soon leave for Ireland for a four months visit, created a panic in the ranks of the leaders of the Democratic state machine. The state candidate and their active personal supporters. The activity of Republican workers all sections of Indiana has caused the Democratic politicians to come to the conclusion that they have the hardest kind of a fight on their hands this year to defeat the Republican ticket since the Progressive party of Indiana has all but disappeared. The storm that went up over the report that Taggart would leave Indiana and would not be active in the Democratic campaign was such that Taggart was forced to change his plans and announce that he would make a visit to the old country "some time," leaving the impression that he would not leave Indiana for

an extended stay during this campaign. There are ample indications that Taggart, Fairbanks and their Bull Moose vote in Indiana will be so small this year that it will not be of any material assistance to them in their effort to carry the state for the Democrats.

It is understood that because of the light attendance at the conventions that have been called by the professional Bull Moose politicians word has gone out from Democratic State headquarters to Democratic workers in each county to see to it that a large number of Democrats attend these Bull Moose meetings in order that the report may be sent out that the meetings were large and enthusiastic. Reports from these meetings indicate that the most active and the most enthusiastic promoters of these meetings are Democratic machine workers.

Manager Beale and Havens have had several conferences. As the rivalry is so great between the teams these astute managers have been unable to agree on an umpire. So this detail will be worked out by the committee on arrangements. Chairman Jones has communicated with the Elk's Lodge at Connersville in hopes that they will help him out in this difficulty and that he will be able to secure an umpire who will give universal satisfaction.

## RAISE IN RATES WILL BE FOUGHT

Fraternal Insurance Hung in Balance  
Today at Opening Session of Modern Woodmen Lodge

### TWO FACTIONS ARE ARRAYED

Will be Decided Largely by Election of Head Camp Officers—Have Over Million Members.

(By United Press.)

Toledo, Ohio, June 15.—Fraternal history in the making and the future of fraternal insurance in the United States hung in the balance here today when the Head Camp of the Modern Woodmen of America in triennial convention.

Not only the million odd "neighbors" of the society watched with keenest interest the fight that was sure to come over the question of raising the rates of insurance, but persons holding membership and policies with other fraternal insurance societies realized that the outcome of the contest would determine whether they too were eventually to break away from the old low rate plans and join in a movement toward the insurance schemes figured out by insurance actuaries.

In the fight today the Head Camp officers stood arrayed against faction of the delegates coming chiefly from the Mississippi Valley, headed by E. S. Smith of Springfield, Ill. Smith will be the "insurgent" candidate for Head Consul, the chief office of the Head Camp, opposing A. R. Abbott of Rock Island, Ill., where the Head Camp is located.

It was generally understood that the rate fight would be largely decided by the election of the head camp officers. For the "insurgents" have declared that here there shall be no submission to the proposal for rate increases, the Head Camp is firm, and the "insurgents" declare they will make sure of their position by capturing the offices.

Improvement in Infield Has Telling Effect—Vedder Touched up Pretty Freely.

The Arcadians had very little difficulty defeating the Cincinnati Maroons, with Harry Vedder, former Rushville pitcher in the box, yesterday afternoon at the South Main street lot. The score was 4 to 2. Mertz for Rushville was too much for the Maroons and he was the big show all the way.

Mertz was never in danger of losing the game and let the Maroons down with four scattered hits. Of the four hits Nippert gathered two of them. The Rushville infield played ball together for the first time this year and the infield had only one error, this being marked against Quesser. Johannes held down third base in regular style and Spellman played his usual good game at short.

The Arcadians showed no mercy for Vedder and had him in hot water most of the afternoon. The Arcadians wrecking crew counted seven hits off him and some fast fielding behind him was all that kept the score down. But at that the Maroons put up a bad game in the field. Rushville hit the ball in the nose and started the doings in the first inning when the team scored twice.

Spellman was safe on the third baseman's error. He was caught trying to steal. Bridges singled and took second when Kuhn let the throw on the play to get Johannes get away. Quesser was safe on another error by the first baseman and Bridges scored, Johannes taking third. Johannes was caught off third and O'Dell singled, scoring Quesser. O'Dell was caught stealing. Two hits and three errors netted Rushville the two run lead.

The Maroons were the first to score, getting one round in the first. Nippert tripled to centerfield. Totten was safe on a missed third strike. Hartzel struck out and Mohing sent a long sacrifice fly to Tompkins. The Maroons got their only other run of the frame in the fourth. With one out, Kinnick was safe when Quesser let the ball get away. Ausler singled and Kinnick took third. Kinnick scored on Kuhn's out and Bilger struck out.

Rushville counted one more in the third. Mertz led off with a nice single. Spellman hit into a double play, Moehling to Kinnick to Nippert. Bridges then hit to right field for three bases and scored a moment later when Vedder let the throw in get away. The Arcadians made their last run in the seventh, and it came without a hit. Tompkins was safe on Totten's error. Mertz fanned. Spellman was safe when Totten tried to get Tompkins at third and the ball rolled over into the bleachers. Tompkins came on home. Bridges struck out and Johannes grounded to first.

After the fourth the Maroons never threatened. The game ended when Bilger hit a hard one to Tompkins. Tompkins after a hard run got the ball and it proved about the most sensational catch of the day.

Mertz looked to be a real find. He did not extend himself only on one or two occasions and looked good to the fans.

The infield looked the best it has this year. Quesser on second helps steady things and Johannes on third fills a long felt need. Spellman held down the short stop job in fine manner and naturally Bridges performed in his usual style at first.

Vedder pitched his head off to beat his former team mates but could not turn the trick.

The crowd was the smallest of the season. It is easily explained. The defeat at the hands of Connorsville one week ago disgusted many of the fans and they will have to be shown from now on.

The fans liked the work of Ausler, catcher for the Maroons. He has a good throwing arm and put a lot of pep in the team.

The Arcadians will not play the Shamrocks at Cincinnati Sunday. The Shamrocks have not been playing good ball and as a result are not drawing any crowds. They were defeated yesterday by the Cubans 29 to 4 and Joe Smith stated to Manager Fisher this morning that he would rather the Rushville team would come later on in the season, which will be done. It is not known as yet who will play here next Sunday.

## CITY COUNCIL TO BUY EQUIPMENT

Seymour Will Have Public Play-ground in City Park Following Suggestion of Committee

DEVICES WILL COST \$297

Council Will Spend \$1,200 in Park Grounds

(Special to the Daily Republican.)

Seymour, Ind., June 15.—Following the suggestion of the citizens' park committee to establish a playground at the city park the council will probably award the contract this week for the needed equipment. A representative of the American Playground Equipment Company has offered to furnish the slides, swings and other equipment needed for the sum of \$297. The park committee of the council was instructed to accept the contract by the board of works Tuesday night.

The special committee suggested that the playground be established and reported that the equipment could be purchased for about \$300. The committee found that in all parts of the city there was a demand for a public playground and many parents besieged the members to embody the suggestion in the report. The council, too, agreed that it would be one of the best methods of popularizing the grounds.

Although the final arrangements have not been made for locating the devices which will prove so popular with the children, they will be placed so that they will not interfere with the grounds for picnics or for public assemblies. Plenty of shade is afforded in various parts of the park for the playground department.

In all the park fund will contain about \$1,200 this year. Probably \$250 of this amount has already been expended in improving the grounds but the balance will be spent in carrying out the plans for the permanent improvement of the grounds. Should the playground prove as popular as anticipated more equipment will be needed next year and the plan is to add such devices from year to year as will be required to meet the demands.

The children have shown a keen interest in the movement to establish a playground on the public ground and it will be a popular place with the youngsters this summer. Arrangements have been made to store the equipment this winter without cost. The various devices that will be purchased are, of course, substantially constructed but can easily be taken down when not in use. The equipment will be in charge of the park custodian. It will become public property and persons who wilfully damage or destroy it will be prosecuted to the full extent of the law.

Other suggestions made by the special committee pertaining to the improvements of the appearance of the grounds will be given the immediate attention of the committee of the council. All plans must be approved by the council and all expenditures must be made by that body. The citizens' committee is acting at the solicitation of the Mayor and without compensation.

The park can be greatly improved in appearance by planting shrubbery and flowers. It is intended to begin this work so that it can be followed up from year to year and the money spent will be for permanent improvements. More interest is taken in the park each year and the demand for a systematic plan of improvement is more general than ever before as shown by the requests that have been made with various councilmen.

## CHANGE IS MADE IN SCHOOL TEXTS

Governor Ralston Announces Radical Departure in Proclamation—Just Received Here.

OLD CONTRACTS EXPIRED

Accompany Edict of Governor is Explanatory Letter From Charles A. Greathouse.

Notice that a change has been made in the reading, arithmetic and writing books for use in the public schools, has arrived in the county in the form of a proclamation by Governor S. M. Ralston.

Five years ago the state board of education as the state board of school book commissioners, entered into a contract for the books that have been used. These contracts have expired and new ones made with different companies.

The old Howe readers were furnished by Charles Scribner's Sons. The new readers will be "Child Classic Readers" by Georgia Alexander and will be furnished the state by the Bobb-Merrill company.

Walsh's "New Primary Arithmetic" and "New Grammar School Arithmetic" furnished by D. C. Heath & Co., will be supplanted by the Silver Burdett books, furnished by the Silver-Burdett & Company.

The writing course is shortened. "The New Era System of Semi-Slant

Writing" of Eaton Company is supplanted by the "New Outlook Writing System.

Accompanying the proclamation is a statement from Charles A. Greathouse, state superintendent of public instructions, which is addressed to county superintendents and school trustees. This calls attention to the fact that the state board of education has entered into a five-year contract with the firms mentioned to supply books for the common schools of Indiana. The prices of these books new, and also the exchange prices, are as follows:

Child Classics Primer, 15 cents and 7 cents; Child Classics First Reader, 15 cents and 8 cents; Child Classics Second Reader, 20 cents and 10 cents; Child Classics Fourth Reader, 30 cents and 15 cents; Child Classics Fifth Reader, 40 cents and 20 cents; Silver, Burdett Arithmetic, by Phillips & Anderson, elementary book, 30 cents and 15 cents; Silver, Burdett Arithmetics, by Phillips & Anderson, complete book, 42 cents and 21 cents; New Outlook Writing System, books one, two, four, six and seven, all 5 cents each, and must be purchased new.

By exchange price is meant the price at which a copy of the new book will be furnished to a buyer when a copy of the old book is given in exchange.

The following text book will be procured by the requisition through the county superintendent: Lessons in English, Book 1; Lessons in English, Book 2, and the Alexander speller. All other textbooks will be supplied by the county depository merchant, or township trustee or board of school trustees, when appointed by the county superintendent as depository merchant. Whether dealers secure the books from school officers or from the depository merchant, they will be allowed a discount of 10 per cent. from the retail price of the books.

The attendance of school officers is called to Section 6,367, of Burns' Statutes of 1914, which provides that newly adopted books shall be introduced into the schools only as new classes are formed, and that pupils shall be allowed time to complete the old books before being compelled to buy new ones.

In explanation the above paragraph it is stated that those pupils who bought advanced arithmetic last year, for use in the sixth, seventh and eighth grades, will not have to buy new arithmetics this year.

Those who bought geographies for the sixth and seventh grades last year will not have to buy new books this year. Where a reader extends more than one year and was bought new last year new readers will not have to be procured for this year. Where pupils are starting into classes that have not partially completed a book bought last year the new books will have to be bought.

### NAMES RESERVE BOARD.

(By United Press.)

Washington, June 15.—President Wilson said today he would nominate the federal reserve board this afternoon but will not name the governor at this time. The men are Thomas B. Jones of Chicago, W. C. Harding of Birmingham, Adolph C. Miller of California and Paul Warburg of New York.

### COMMISSION ASKED.

(By United Press.)

Indianapolis, Ind., June 15.—The Indianapolis alumni of Indiana university today passed a resolution asking Governor Ralston to appoint a committee of four consisting of two hold-over legislators and two I. U. alumni to keep in touch with the water situation at Bloomington and to report on September 1, October 1 and January 1.

### BOY INJURED.

A motorcycle with a side car attachment ridden by a blacksmith named Wagoner of Gwynneville, and carrying his wife and little child, was run into by a boy on a bicycle last evening at the corner of Beuna Vista avenue and Second street. The name of the boy on the bicycle was not learned but it is understood he was at fault as he was on the left side of the street. He was thrown over the motorcycle and severely bruised. The woman and child had a narrow escape from injury.

A call meeting of the Modern Woodmen will be held tonight at 7 o'clock to arrange for the funeral of Lee Willis.

## WILSON CAUSES BIG SENSATION

Charges Combination of Business Interests is Causing Agitation to Create Impression.

OF BUSINESS DEPRESSION

Emphatically Announces Opposition to Suggestion Congress Adjourn Until After Election.

(By United Press.)

Washington, June 15.—President Wilson launched a sensation today rivaling his charge of a "lobby to defeat the tariff bill" when he bluntly charged that a combination of business interests is behind the agitation to create the impression that there is business depression. He made public correspondence which he said "speaks for itself" and proves his contention that the so-called country-wide business depression is purely physiological.

The letters include one from President Alnells of the Pictorial Review company asking its representative to send form letters to the president and legislators demanding that all such legislation be dropped for the present. The president said this was only a single instance.

The letter included the following paragraph: We respectfully appeal to your sense of justice and ask in the name of the suffering American people and in the name of common sense why you wantonly harass business at this juncture when it is struggling for its very existence. Why throw thousands of men idle when so many families are already starving?"

President Wilson emphatically declared that he will not consent to the plan of majority leader Underwood for an immediate adjournment of congress until after election. He told newspaper men, there is plenty of evidence the so-called business depression is being manufactured to force delay in consideration of the anti-trust bills. Business actually is healthy, he said, and an organized campaign to demonstrate the contrary will be defeated. He said a further delay of several months would be the worst thing that could happen to business. He said he would insist on the entire trust program going through as planned.

## FLAG DAY TO BE OBSERVED HERE

Continued from Page 1.

ing one with a single clip of the scissors. Some writers are of the opinion that both stars and stripes in the flag were derived from the coat of arms of the Washington family, but this theory is not generally held.

The official adoption of our first flag was in 1777. On June 14 of that year the Continental Congress passed an act providing that "the flag of the thirteen United States be thirteen stripes, alternate red and white; that the union be thirteen stars, white on a blue field, representing a new constellation." The 13 stars were arranged in a circle to symbolize the perpetuity of the union of the States.

Vermont was admitted to the Union in 1791 and Kentucky in 1792. It was felt that these two new States ought to be recognized on the flag, so in 1794 Congress passed an act making the flag 15 stars and 15 stripes.

This remained the flag of the United States throughout the War of 1812, until 1816, an effort was given again made to modify the flag so that all the new States would be represented on it. To be continually adding stripes would make the flag very awkward in shape and appearance, so after arguing the matter for two years, Congress decided to return to the original 13 stripes and one star for each State. Congress has never determined the arrangement of the stars nor the shape and proportion of the flag, and there has been great variation, especially in the grouping of the stars.
